

A Huge Increase in Book Circulation!

An average of **40.22** books are circulated every day!

There's a simple explanation for the increase in book circulation at the King Kekaulike High School Library – books have been purchased based on what students **want** to read. This year's book selection has been solely driven by teacher and student requests. The

library has paid close attention to the books in high demand (e.g. *The Hunger Games*). The voids in the series section of the library have been filled and popular teen magazines are now available for circulation.

← Series books, such as *Pretty Little Liars*, have appealed to students that watch the TV series on ABC Family.

“The Hunger Games” Book Club

DEMOGRAPHICS

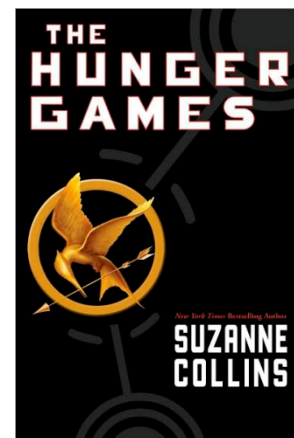

Total Spots Available	30
Number of Participants	28
Participants' Gender	11 male, 17 female
Grade Level	Open to all students

INFORMATION

“The Hunger Games” Book Club meets once a week in the library during study hall and attendance is voluntary. The Book Club participants were selected via lottery. There are no club dues, fundraisers, or officers.

BOOK SELECTION

The librarian features a book that has an accompanying movie. Upon the completion of the book, the students watch the movie and discuss the preferred format. The Book Club also identifies scenes from the book that cannot easily be depicted in the movie format. The overall goal is to illustrate that the book is always better than the movie.

FOR ALL TYPES OF STUDENTS

We include everyone from avid readers to students who just want to listen and discuss the book.

What did it take to fill the shelves with books students love?

Total number of books purchased in 2011-2012 SY: **1,034**

Total cost: **\$17,436**
