- **Mahalo Farmer's Insurance Donates to School Store!**

This year, RTI Coordinator, Melanie Nakashima, opened the Na Ali'i School Store for students at KKHS. Ann Marie Walker & her Workplace Readiness students help run the store every Wednesday at lunch. The store does not accept cash. Students can earn Na Ali'i Kala by going above & beyond & demonstrating good behavior as evidenced by The Na Ali'i Way & HA: Breath posters are found in classrooms & around school. Students can trade in cards for items costing one card up to 15 cards. This store is funded solely by donations & fundraising contributed by the KKHS Best Buddies Chapter. Donations for the school store have come from KKHS families, KKHS Staff & their families, PTSA, Pukalani Superette, Target, Kaanapali Beach Hotel Chef Tom & more.

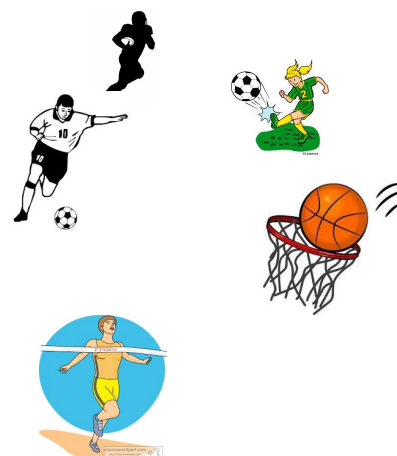

Melanie had written a proposal under Farmers Thank America's Teachers in September & was disappointed when KKHS did not get enough votes to be one of the winners for the \$2,500 award that would help fund the school store. (The winning schools were on Oahu.) While presenting at a faculty meeting data on the school store, she was taken completely by surprise when Bill Doherty of Farmers Insurance Hawaii stepped up & presented a \$2,000 check on behalf of Melanie Nakashima for the Na Ali'i School Store. Thinking the other islands should also benefit, he read all the Maui proposals, & chose Mrs. Nakashima's proposal. This money will go a long way in helping fund our store for students & we couldn't be happier that Farmers Insurance Hawaii wanted to donate money to outer islands & selected our proposal!!! Thank you Farmers Insurance!!!

Chuckle for the Day: Ordering Mongoose

The manager of a large city zoo was drafting a letter to order a pair of animals. He sat at his computer and typed the following sentence: *"I would like to place an order for two mongooses, to be delivered at your earliest convenience."*

He stared at the screen, focusing on that odd word *"mongooses."* Then he deleted the word and added another, so that the sentence now read: *"I would like to place an order for two mongeese, to be delivered at your earliest convenience."*

Again he stared at the screen, this time focusing on the new word, which seemed just as odd as the original one. Finally, he deleted the whole sentence and started all over. *"Everyone knows no fully stocked zoo should be without a mongoose,"* he typed. *"Please send us two of them."*
